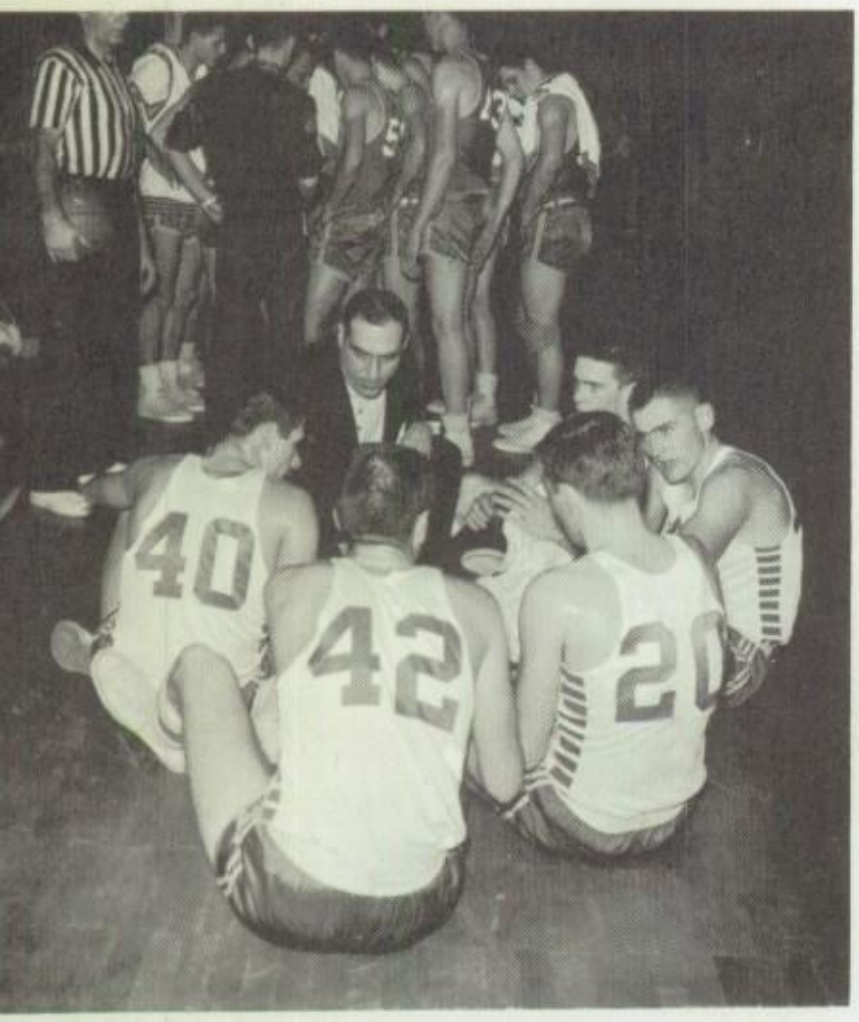
Michalek gets position under the boards and grabs the ball a Holy Redeemer player.

George Wilson is fouled as he registers two more points for the fighting Irish.

Arthur Mier outjumps his opponent to gain possession of the ball.

Athletics

Everybody goes wild as a Scared Heart victory becomes certain.

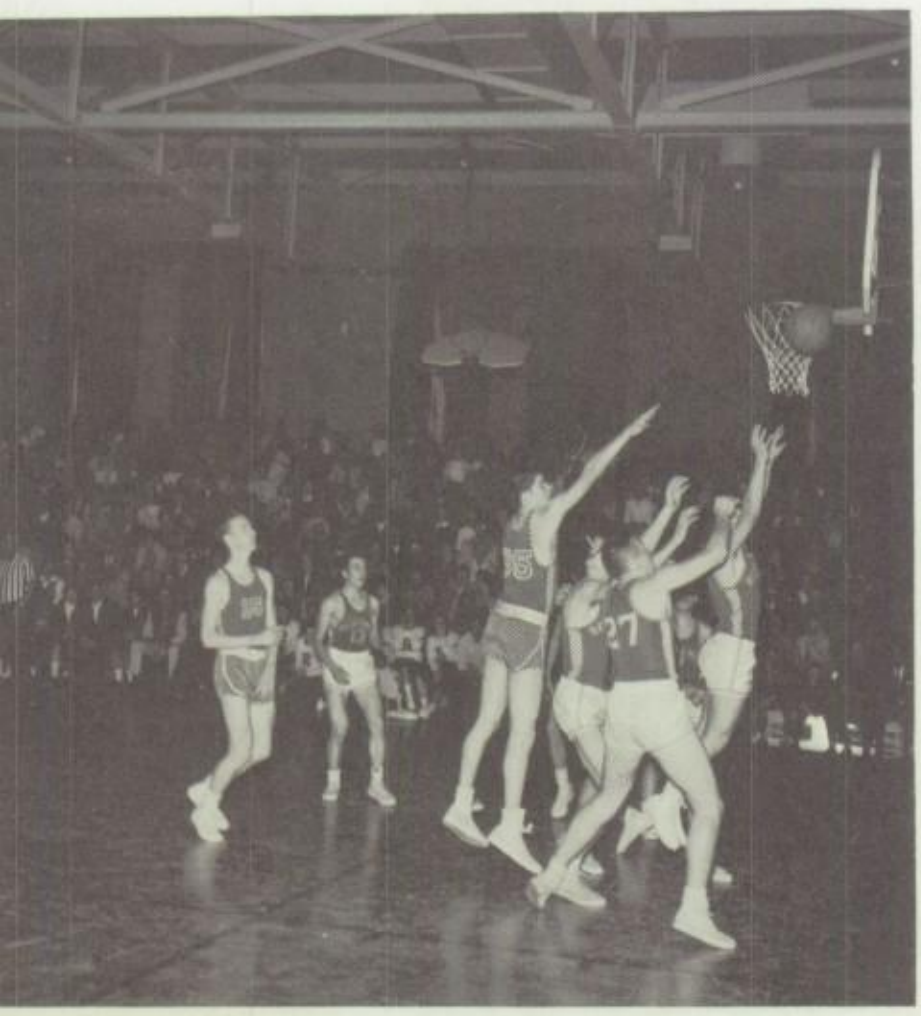


During a time out, Coach Delaney gives a morale boost to the Shamrock team.

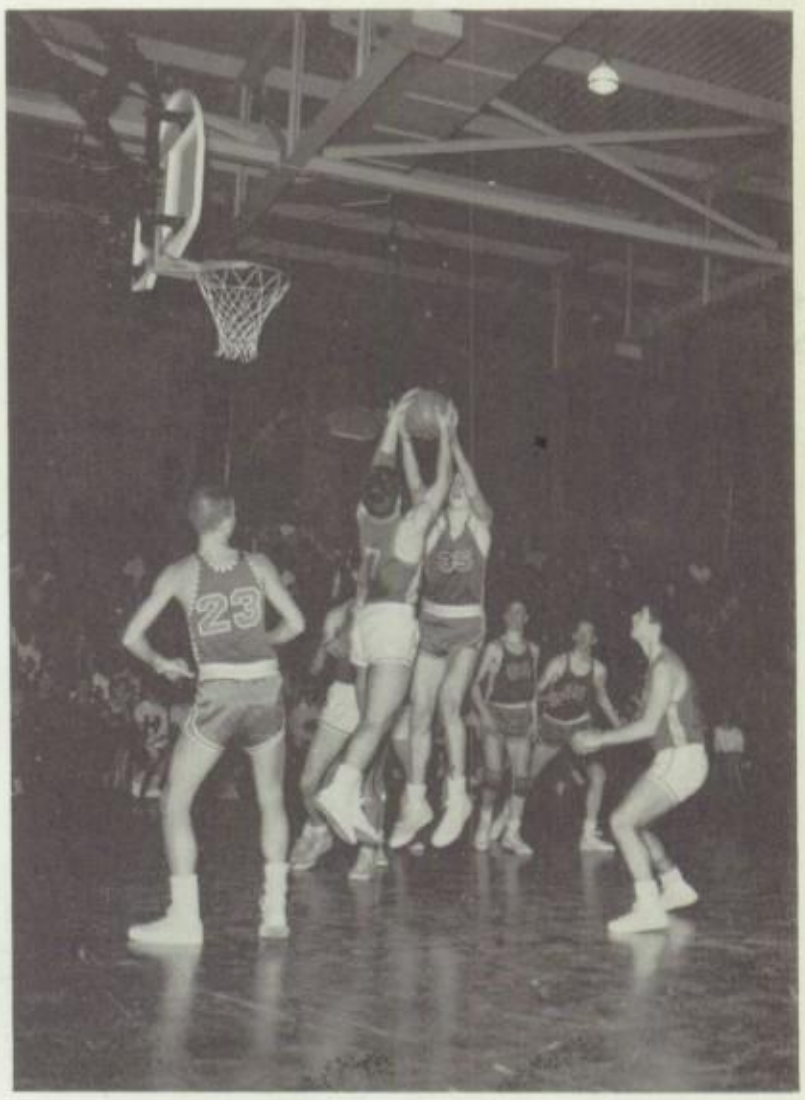
Coach David Soules and the reserve team are caught in a mo ment of serious concentration.

nothy Bogan outfights these two Holy Redeemer players and os the ball for our reserve team.

The crowd chants: "It's a jump ball" as Timothy Bogan tips the ball to Douglas Baker.

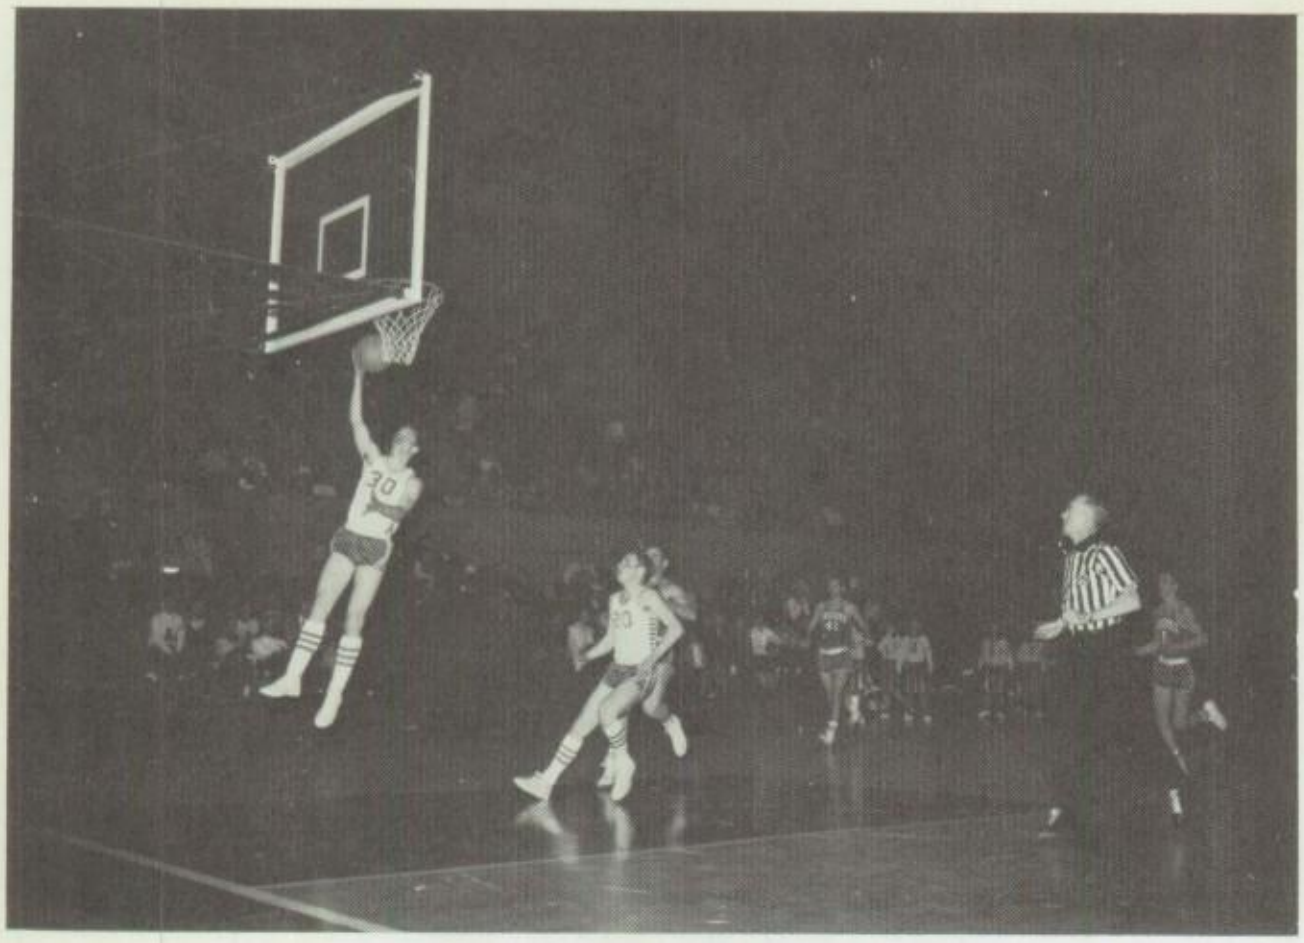


fter Timothy Bogan shoots, everyone looks ready for the rebound.



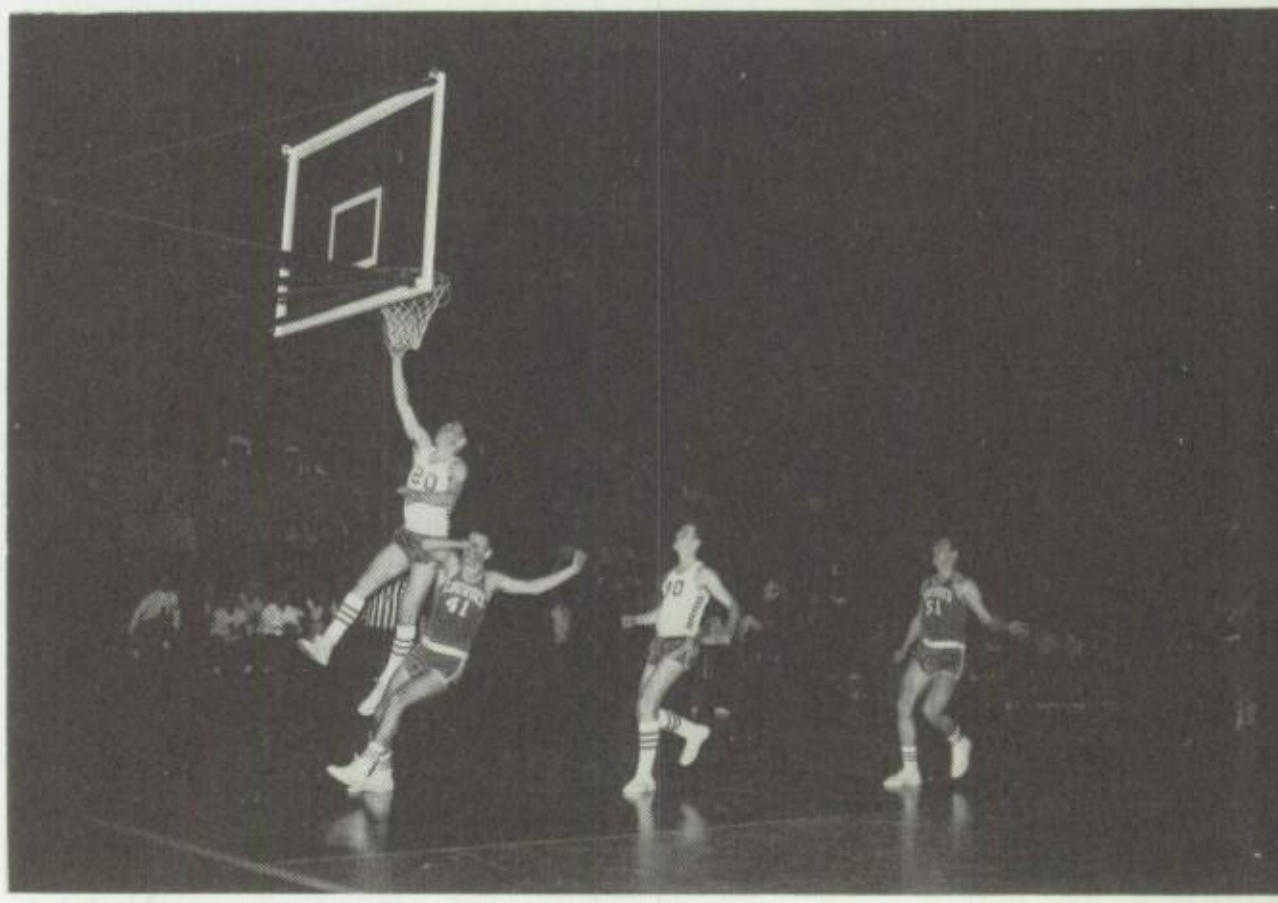
Timothy Bogan goes high to grab his rebound from a Holy Redeemer forward.

Athletics



George Wilson drives alone to put in another tw points as the Shamrock team registers its first victory at U. of D.

Carl Michalek, the junior center, outjumps the Lourdes player and tips the ball to George Wilson.



John Hoeflein drives in and gets a basket in victory over Lourdes.

going to live better than ever before . . . electrically!

You, today's graduate, are entering an exciting new era where you will live better than any generation has ever lived before—the era of all-electric living.

Your all-electric home for example, thanks to time-saving electric equipment and appliances, will allow you and your family more time to enjoy life together.

Your job will be smoother too. Electricity, in everything from office equipment to heavy machinery, will lighten your work—make it more enjoyable.

If you decide on further education, your field of study may well be related to electricity. Perhaps someday, as a scientist or technician, you will even lend your knowledge to further mold the all-electric world of tomorrow.

But wherever the future finds you, whatever your place in life, electricity will be there to help you live better than ever before—live better electrically.

"There's a girl I'd like to know"

"She has so much poise and confidence—I'll bet she works for the telephone company. Those girls are so attractive and have such friendly, pleasant manners."

They're talking about Lucy, who started working for Michigan Bell right out of high school. She was trained by friendly, understanding supervisors and today she's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

Lucy was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled mid-morning and midafternoon "breaks" for relaxing in comfortable lounge rooms, and by the opportunities for advancement.

Isn't that kind of job worth going after? Then why not get in touch with us—perhaps there's a telephone job for you. We'll be happy to talk with you about the interesting work at Michigan Bell.
